- 1.1 The members agreed that Peter Kennan (as the Vice-Chair) would Chair the meeting. The Chair welcomed everyone to the meeting.
- 1.2 Apologies were received from Mayor Burnham, Cllr Waltham, Cllr Duncan and Cllr Swinburn.

2. Declaration of Interest

- 2.1 There were no declarations of interest.

3.0 Review of the Constitution

- 3.1 Members received the report from the Head of Legal who highlighted the key points within the report.
- 3.2 Cllr Little supported the Head of Legal's recommendations in relation to the proposed changes to the Audit and Governance Committee. He explained that prior to joining the Audit & Governance Committee it had met on three previous occasions and had been inquorate on each occasion and had been unable to do the work on behalf of the Board that

it is designed to do. He highlighted the importance to TfN of having a strong Audit and Governance Committee and supported the recommendations going forward to Board.

The Chair was also supportive of these recommendations and expressed his support for the Committee, stating that this needs to be a strong function.

- 3.3 The Chief Executive highlighted the role of the Majority and Minority Vice Chairs for Board and stated that he and the Chair meet regularly with the Vice Chairs. He explained that these meetings are useful and that the role of the Vice Chairs, as representatives for the rest of the Board, is important moving forward. He therefore highlighted the proposal in the paper that the role should be made more explicit in the constitution and by doing so it will strengthen the Governance as well as his and the Chair's relationship with the rest of the Board.

The Chief Executive then highlighted some areas where TfN might evolve and develop (as set out in the paper before the Board); he explained that these are areas where the TfN Executive believes there will be a natural flow in evolution of the work that TfN is doing which may impact on the constitution. He further explained that the Executive was seeking to gain an understanding from the Committee as to whether these are the right areas of evolution for TfN. He stated that the areas highlighted in section 3.9 of the report are the key areas and if there are any Constitutional issues as a result then these will be brought before Board for their consideration with a view to developing specific recommendations for the main TfN Board.

The Chief Executive highlighted a number of areas in relation to improving the efficiency and effectiveness of implementation where he envisaged TfN would build on previous work. He noted that earlier work on the Northern Transport Charter had started to build the case for having an indicative financial framework within which TfN prepared its advice to the Secretary of State. The ability of TfN to provide better advice and improve alignment with investment with other areas of infrastructure would be important moving forward, He highlighted the work with the energy sector on EV charging as an example of such alignment.

- 3.4 The Chair requested that a sixth area be added to section 3.9, namely the evolution of LEPs and continuing to have a strong business input; the Chief Executive agreed that this should be added and included within the review.

- 3.5 On the extension of the Partnership Board Membership, the Chair expressed some surprise at the suggestion of the membership being extended to a representative from the Regional Chamber of Commerce, as the Partnership Board already has representatives for business from the eleven LEPs.

The Chief Executive explained that this would only be for the Partnership Board and would give an additional business perspective to that of the

LEPs, thereby providing added value and perspective but stated he would be happy to be guided by the Board on this.

- 3.6 Mayor Rotheram stated that balance in terms of membership of the Partnership Board and equilibrium needs to be maintained in order not to disenfranchise certain groups.

RESOLVED:

- 1) That the Committee notes the amendments to be made under the Monitoring Officer's delegated power
- 2) That the Committee noted the areas set out in paragraphs 3.8 and 3.9
- 3) That the proposed extension to the delegated power of the Monitoring Officer set out in paragraph 3.10 be supported and that this recommendation now be put to Board
- 4) That the proposed extended Membership of the Partnership Board be noted and be recommended accordingly to Board
- 5) To note paragraphs 3.15 and 3.16 and recommend to Board that the approach in 3.16 be adopted unless and until any other method is developed and preferred
- 6) That the proposal relating to process for the appointment of Statutory Officers in paragraph 3.18 be agreed and recommended accordingly to Board.

4.0 Exclusion of the Press and Public

- 4.1 Resolved that the press and public be excluded from the meeting during consideration of Item 5 and 6 on the grounds that:

They involve the likely disclosure of exempt information as set out in the Paragraphs 1 & 2 of Schedule 12A of the Local Government Act 1972 (as amended) and that the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

5.0 Private Minutes of the Previous Meeting

- 5.1 The private minutes of the Consultation Call held on 14 December 2022 were considered for their accuracy.

RESOLVED:

That the private minutes of the Consultation Call held on 14 December 2022 be noted.

6.0 Chair and Chief Executive Annual Objective Setting Process

- 6.1 The draft objectives were considered and approved.

However, discussions with tenderers after submission of a Tender and before the award of a contract with a view to obtaining adjustments in price, delivery or content (i.e. post-tender negotiations) are the exception rather than the rule. In particular, they must not be conducted in an EU Procedure where this might distort competition, especially with regard to price.
- 28.73 **Evaluation**
- 28.74 Apart from the debriefing required or permitted by these contract procedure rules, the confidentiality of Quotations, Tenders and the identity of Candidates must be preserved at all times and information about any one Candidate's response must not be given to any other Candidate.
- 28.75 Contracts must be evaluated and awarded in accordance with the Award Criteria. During this process, Officers shall ensure that submitted Tender prices are compared with any pre-tender estimates and that any discrepancies are examined and resolved satisfactorily.
- 28.76 The arithmetic in compliant Tenders must be checked. If arithmetical errors are found they should be notified to the tenderer, who should be requested to confirm or withdraw their Tender. Alternatively, if the rates in the Tender, rather than the overall price, were stated within the Invitation to Tender as being dominant, an amended Tender price may be requested to accord with the rates given by the tenderer.
- 28.77 Transport for the North reserves the right to reject a tender that it considers to be abnormally low but only where the tenderer has been unable to provide evidence that satisfactorily justifies the low level of costs tendered.
- 28.78 **Post-Tender Negotiations**
- 28.79 Post-tender negotiations may only take place in accordance with the Public Contract Regulations 2015. If post-tender negotiations are necessary after a single-stage Tender or after the second stage of a two-stage Tender, then such negotiations shall only be undertaken with the tenderer who is identified as having submitted the best Tender and after all unsuccessful Candidates have been informed. During negotiations, tendered rates and prices shall only be adjusted in respect of a corresponding adjustment in the scope or quantity included in the Tender documents. Officers appointed by the Chief Officer to carry out post-tender negotiations should ensure that there are recorded minutes of all negotiation meetings and that both parties agree actions in writing.
- 28.80 Post-tender negotiation must only be conducted in accordance with the guidance issued by the Monitoring Officer who, together with the Finance Director, must be consulted wherever it is proposed to enter into post-tender negotiation. Negotiations must be conducted by a team of at least two officers, one of whom must be from a directorate independent to that leading the negotiations.
- 28.81 Where post-tender negotiation results in a fundamental change to the specification (or contract terms) the contract must not be awarded but re-tendered.

28.82 Award of Contracts and Framework Agreements and Debriefing Candidates

28.83 Chief Officers may accept Quotations and Tenders received in respect of proposed contracts and Framework Agreements, provided they have been sought and evaluated fully in accordance with these contract procedure rules and, in respect of proposed contracts and Framework Agreements that are expected to exceed the EU limit (relating to either expenditure or income) with the approval of the Chief Executive and Finance Director.

28.84 For Contracts and Framework Agreements subject to the EU Procedure, the Officer must notify all Candidates simultaneously and as soon as possible of the intention to award the contract or Framework Agreement to the successful Candidate and provide information required by the EU Procedure specifying the name(s) of the successful Candidate(s), the award criteria and the reasons for the decision including the score of the Candidate being debriefed and the successful Candidate(s) and the characteristics and relative advantages of the successful tender.

If the decision is challenged by an unsuccessful Candidate, then the Officer shall not award the contract or Framework Agreement and shall immediately seek the advice of the Monitoring Officer.

28.86 The requirement to notify candidates of the intention to award a contract or Framework Agreement in paragraph 28.84 does not apply to:

- a) Contracts and Framework Agreements that are not subject to the EU Procedure;
- b) Contracts subsequently awarded and called off based on a Framework Agreement that was let in accordance with the EU Procedure.

28.87 If a Candidate requests in writing the reasons for a Contracting Decision, the Officer must give in writing the name(s) of the successful Candidate(s), the award criteria and the reasons for the decisions including the score of the candidate being debriefed and the successful Candidate(s) and the characteristics and relative advantages of the successful tender within 15 days of the request. 42.2 Additionally, all employees must make sure they are aware of the factors which result in black and ethnic minority people, disabled people, women, gay men and lesbians and others with a protected characteristic suffering inequality and oppression and undertake their duties so as to seek to redress this. If they become a victim of harassment at work, they should report it to their manager at the earliest opportunity.

44 Political Neutrality and Working with Elected Members

44.1 Mutual respect between employees and elected members of Transport for the North is essential to good local government. Close personal familiarity can damage that relationship and prove embarrassing to both colleagues and Elected Members.

44.2 Whether or not an employee's post is politically restricted, they must follow every lawfully expressed policy of Transport for the North and not allow their personal or political opinions to interfere with their work. Where they are required to give advice to Elected Members and colleagues, it should be done with impartiality.

50 Contracts and Contractors

- 50.1 An employee must not seek or accept any gift or personal inducement in connection with the procurement of works, goods or services.
- 50.2 Employees should inform their manager about relationships of a business or private nature with external contractors or potential contractors. If involved in the tendering process, they should ensure that it is open and above board, observing the rules relating to separation of roles during tendering.

51 Sponsorship

- 51.1 Where Transport for the North wishes to sponsor an event, employees must ensure that they, their partner, or relative, do not benefit in any way from such sponsorship without full disclosure to their manager or the Monitoring Officer.

52 Hospitality and Gifts

- 52.1 Invitations to social or sporting events should be accepted only where the Monitoring Officer has agreed that Transport for the North should be seen to be represented at the event.
- 52.2 If an employee accepts hospitality, they should be mindful of all the circumstances. They should get advanced authority from the Monitoring Officer and keep a record of such occasions. They should not accept any significant personal gifts from contractors and outside suppliers.

52.3 The Monitoring Officer may give further guidance on the acceptance of gifts and hospitality and may dispense with the requirement to obtain prior agreement in relation to items of gifts and hospitality below a financial limit to be determined by him or her from time to time.

53 Personal Interests: Financial and Non-Financial

53.1 An employee must declare any financial interests which could conflict with Transport for the North's interests to their manager or to the Monitoring Officer.

53.2 Non-financial interests that it could be considered could bring about conflict with Transport for the North's interests should also be declared e.g. membership of outside bodies in a personal capacity.

53.3 Employees should be mindful not to place themselves in a situation where involvement in outside bodies could compromise their continuing professional duty to the interests of Transport for the North.

53.4 When serving on outside bodies as a Transport for the North appointee, an employee will of course be expected to represent and promote Transport for the North's interests and policies as the circumstance dictate.

53.5 Employees should also declare membership of any organisation which is not open to the public, has no formal membership, requires a commitment of allegiance and which has secrecy about its rules, membership or conduct.

SECTION C MEMBER / OFFICER RELATIONS PROTOCOL

54 Introduction and Principles

- 54.1 The purpose of this Protocol is to guide Members of the Transport for the North Board its committees and joint committees and Officers of Transport for the North, and of Constituent Authorities providing services to Transport for the North, its committees and joint committees (“Officers”) in their relations with one another in such a way as to ensure the smooth running of the organisation.
- 54.2 In this Protocol, references to members of Transport for the North include references, where appropriate, to members of its committees and joint committees and references to officers of Transport for the North include references where appropriate to officers of the Constituent Authorities who provide services to Transport for the North, its committees, and joint committees.
- 54.3 Given the variety and complexity of such relations, this Protocol does not seek to be prescriptive or comprehensive. It simply offers guidance on some of the issues which most commonly arise. It is hoped, however, that the approach which it adopts to these issues will serve as a guide to dealing with other circumstances.
- 54.4 This Protocol is to a large extent a written statement of current practice and convention. It seeks to promote greater clarity and certainty. If the Protocol is followed it should ensure that Members receive objective and impartial advice, and that Officers are protected from accusations of bias and any undue influence from Members.
- 54.5 It also seeks to reflect the principles underlying the respective Codes of Conduct that apply to Members and Officers. The shared object of these codes is to enhance and maintain the integrity (real and perceived) of local government and the Codes, therefore, demand very high standards of personal conduct.
- 54.6 This Protocol should be read in conjunction with the Members’ and Employees’ Codes of Conduct that apply from time to time and any guidance issued by the Standards Committee and/or the Monitoring Officer.

55 General Points

- 55.1 Both Members and Officers are servants of the public and they are indispensable to one another. But their responsibilities are distinct. Members are responsible to the electorate and serve only so long as their term of office lasts. Officers are responsible to Transport for the North, its committees and joint committees. Their job is to give advice to Members and to carry out work under the direction and control of Transport for the North, its committees, and joint committees.
- 55.2 At the heart of this Protocol is the importance of mutual respect. Member/Officer relationships should be conducted in a positive and constructive way. Therefore, it is important that any dealings between Members and Officers should observe reasonable standards of courtesy and that neither party should seek to take unfair advantage of their position or seek to exert undue influence on the other party.

- 55.3 A Member should not raise matters relating to the conduct or capability of an Officer at meetings held in public or before the press. This is a long-standing tradition in public service as an Officer has no means of responding to such criticisms in public. If a Member feels they have not been treated with proper respect, courtesy or has any concern about the conduct or capability of an Officer and fails to resolve it through direct discussion with that Officer, they should raise the matter with the Chief Executive of Transport for the North who will then look into the facts and report back to the Member.
- 55.4 An Officer should not raise with a Member matters relating to the conduct or capability of another Officer in a manner that is incompatible with the overall objectives of this Protocol. Such matters should be raised with the Officer's immediate line manager or the Chief Executive.
- 55.5 Nothing in this Protocol shall prevent an officer expressing a relevant concern under Transport for the North's Whistleblowing Policy.
- 55.6 Where an Officer feels that they have not been properly treated with respect and courtesy by a Member, they should raise the matter with the Chief Executive of Transport for the North who will take appropriate action including approaching the individual Member concerned or discussing the matter with the Monitoring Officer where they consider there may be a breach of the Members' Code of Conduct.
- 56 **Officer Support to Members: General Points**
- 56.1 Officers must act in the best interests of Transport for the North, its committees and joint committees as a whole and must not give politically partisan advice.
- 56.2 Close personal familiarity between individual Members and Officers can damage professional relationships and can prove embarrassing to other Members and Officers. Situations should be avoided therefore that could give rise to the appearance of improper conduct or behaviour.
- 56.3 Certain statutory officers – the Chief Executive of Transport for the North, the Finance Director and the Monitoring Officer have specific roles. These are addressed in the Constitution. Their roles need to be understood and respected by all Members. In particular Members are reminded of the duty under the Code of Conduct to have regard to any advice given by the Finance Director or the Monitoring Officer.
- 56.4 The following key principles reflect the way in which Officers generally relate to Members:
- a) Officers undertaking work for Transport for the North are accountable to Transport for the North through the Chief Executive;
 - b) Support from Officers is needed for all Transport for the North's functions including meetings of the Transport for the North Board, its committees, and joint committees;
 - c) Day-to day managerial and operational decisions should remain the responsibility of the Chief Executive of Transport for the North and other Officers.

56.3 On occasion, a decision may be reached which authorises named Officers to take action between meetings following consultation with a Member or Members. It should be recognised that in these circumstances it is the Officer, rather than the Member or Members, who legally takes the action, and it is the Officer who is accountable for it.

56.4 Finally, it should be remembered that Transport for the North Officers undertaking work for Transport for the North are accountable to the Chief Executive of Transport for the North and whilst Officers should always seek to assist a Member, they must not, in so doing go beyond the bounds of whatever authority they have been given by the Chief Executive.

57 Officer Advice to Party Groups

57.1 It must be recognised by all Officers and Members that in discharging their duties and responsibilities, Officers serve Transport for the North as a whole and not any political group, combination of groups or any individual Member of Transport for the North. The assistance provided by Senior Officers can take many forms ranging from a briefing meeting with a Member, Chair or other Members prior to a meeting, to a presentation, to a full political group meeting. It is an important principle that such assistance is available to all political groups and individual members.

58 Attendance at Party Political Group Meetings

58.1 Senior Officers may properly be called upon to assist and contribute to deliberations by party groups but must at all times maintain political neutrality. All Officers must, in their dealings with political groups and individual Members, treat them in a fair and even-handed manner.

58.2 Attendance at meetings of party groups is voluntary for Officers and must be authorised by the Chief Executive of Transport for the North.

58.3 Certain points must, however, be clearly understood by all those participating in this type of process, Members and Officers alike. In particular:

- a) Officer assistance must not extend beyond providing information and advice in relation to matters of Transport for the North's business. Officers must not be involved in advising on matters of party business. Internal party debates and decision making should take place in the absence of Officers;
- b) Party group meetings, whilst they form part of the preliminaries to Transport for the North's decision making, are not formal decision-making bodies of Transport for the North and are not empowered to make decisions on behalf of Transport for the North. Conclusions reached at such meetings do not therefore rank as Transport for the North decisions and it is essential that they are not interpreted or acted upon as such; and
- c) Similarly, where Officers provide information and advice to a party group meeting in relation to a matter of Transport for the North's business, this cannot act as a substitute for providing all necessary information and advice to the relevant Transport for the North decision-making body when the matter in question is considered.

- 58.4 Special care needs to be exercised whenever Officers are involved in providing information and advice to a party group meeting which includes persons who are not elected Members of one of Transport for the North's Constituent Authorities. Such persons are not bound by a Local Authority Code of Conduct for Members (in particular, the provisions concerning the declaration of interests and confidentiality). Officers would not be able to provide the same level of information and advice as they would to a Member only meeting.
- 58.5 Officers must respect the confidentiality of any party group discussions at which they are present. When information is disclosed to an Officer during discussions with a party group that information should not be passed on to other groups. However, Members should be aware that this would not prevent officers from disclosing such information to other Officers of Transport for the North so far as that is necessary to performing their duties.
- 58.6 Any particular cases of difficulty or uncertainty in this area of Officer advice to party groups should be raised with the Chief Executive of Transport for the North who will discuss them with the relevant group leader(s).

59 Members' Access to Information and to Authority Documents

- 59.1 Members have various statutory and common law rights to inspect Transport for the North documents. A Member must not disclose information given to him in confidence by anyone or information acquired which they believe is of a confidential nature, without the consent of a person authorised to give it, or unless they are required by law to do so and must not prevent another person from gaining access to information to which that person is entitled by law. A breach of these requirements is a breach of the Member's Code of Conduct and actionable by way of complaint to the Member's Standards Committee. If the breach is serious a civil action may be brought against the Member and / or Transport for the North for damages.
- 59.2 The Freedom of Information Act 2000 (FoIA) brought additional rights and responsibilities regarding the disclosure of information. A "publication scheme" will be produced by Transport for the North setting out the information which it will make publicly available.

60 Correspondence

- 60.1 Correspondence between an individual Member and an Officer should not normally be copied (by the Officer) to any other Member. Where it is necessary to copy the correspondence to another Member, this should be made clear to the original Member. Blind copies (bcc) should never be employed.
- 60.2 Official letters on behalf of Transport for the North should normally be sent in the name of the appropriate Officer, rather than in the name of a Member. It will, however, be appropriate in certain circumstances (e.g. representations to a Government Minister) for a letter to appear in the name of a Member or the Chair. Letters which, for example, create legal obligations or give instructions on behalf of Transport for the North should never be sent out in the name of a Member.

61 Publicity and Press Releases

- 61.1 In recent years, all authorities have increasingly used publicity to keep the public informed and to encourage public participation. The Government has issued a Code of Recommended Practice on Local Authority Publicity and all local authorities must have regard to the provisions of any such Code in coming to any decision on publicity. In particular members and officers should note that during the election period special rules apply with regard to local authority publicity.
- 61.2 Officers and Members of Transport for the North will therefore, in making decisions on publicity, take account of the provisions of the Code of Recommended Practice on Local Authority Publicity and any further guidance issued by the Chief Executive of Transport for the North. If in doubt Officers and / or Members should seek advice from the Chief Executive or the Monitoring Officer.
- 61.3 All press releases are issued through the Chief Executive on behalf of Transport for the North. Press releases are not issued by Transport for the North on behalf of political groups. They can contain the comments of Members and Committee Chairs where they are speaking in connection with the roles given to them by Transport for the North. Officer's comments can be included on professional and technical issues.

62 Officer / Member Protocol

- 62.1 Monitoring compliance with this protocol is the responsibility of the Monitoring Officer.
- 62.2 Questions of interpretation of this Protocol will be determined by the Monitoring Officer.

SECTION D CODE OF CORPORATE GOVERNANCE

63 Introduction

63.1 The definition of corporate governance is that it is about ‘how bodies ensure they do the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner. It comprises the systems and processes, and culture and values, by which bodies are directed and controlled and through which they account to, engage with and, where appropriate, lead their communities’.

63.2 Transport for the North has approved and adopted a code of corporate governance which is consistent with the principles of the best practice guidance issued jointly by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE). The framework is based upon the following core principles:

- b) Members and officers working together to achieve a common purpose with clearly defined functions and roles;

63.4 Transport for the North’s Core Principles

63.4.1 Focusing on the purpose of Transport for the North and on outcomes for the community and creating and implementing a vision for the local area.

63.4.2 Supporting principles:

- a) Exercising leadership by clearly communicating Transport for the North’s purpose and vision and its intended outcome for citizens and service users;
- b) Transport for the North working closely with the Transport for the North Partnership Board has drawn up the Strategic Transport Plan. This sets out the vision for improved connectivity across the wider region and is an ambitious transformational; pan-northern strategy to drive and support economic growth in the North. This Strategy has been developed further into the Strategic Investment Programme;

It expects that elected Members and officers at all levels will act in a manner that ensures adherence to statutory requirements and to the rules and procedures of Transport for the North.

65.2 The Anti-Fraud and Corruption Policy applies to all Members and officers of Transport for the North. It also applies as far as it can to any persons, companies or organisations in relation to their dealings with Transport for the North including partnership arrangements and developments involving 'arm's length' companies or organisations, contractors, consultants, suppliers and claimants.

65.3 Transport for the North's primary objective, through the Anti-Fraud and Corruption Policy, is to ensure that fraud and corruption does not occur within Transport for the North and if it does occur that it is detected and dealt with effectively.

65.4 These guidance notes are intended to advise all Members and officers of obligations and rights within this policy and to assist Chief Officers in dealing with any matters which arise in relation to the policy.

66 Definition of Fraud

66.1 The legal definition of fraud contained within the Fraud Act 2006 includes; fraud by false representation; fraud by failing to disclose information and fraud by abuse of position. Fraud is typically associated with financial loss however this policy relates to acts of dishonesty whether or not financial loss is incurred. For the purposes of this guidance note fraud may include:

- a) The intentional distorting of statements or other records by persons internal or external to Transport for the North which is carried out to conceal the misappropriation of assets, evasion of liabilities or otherwise for gain;
- b) Unauthorised use of Transport for the North property; or
- c) Theft of monies or other Transport for the North property by persons internal to Transport for the North.

66.2 The theft of Transport for the North property carried out by persons external to Transport for the North through for example break-ins, burglary and opportunist theft falls outside the scope of the Anti-Fraud and Corruption Policy. Thefts of this nature should continue to be reported by Chief Officers directly to Internal Audit and the police in the normal way.

66.3 Fraud is a deliberate act of commission or omission by an individual or group of individuals. Fraud can occur in a number of ways including:

- a) Fraud perpetrated against Transport for the North by members of the public or other third parties;
- b) Fraud perpetrated against Transport for the North by Members or Officers of Transport for the North

- c) Fraud perpetrated jointly by members of the public or other third parties in collusion with Officers or Members of Transport for the North.

- f) Equipment and vehicles – unauthorised personal use.

67 Corruption

67.1 Corruption is defined as the offering, giving soliciting or acceptance of an inducement or reward that may influence the action of any person.

67.2 The main law relating to corruption in public bodies is the Bribery Act 2010 supplemented by the Local Government Act 1972. The law specifies that it is sufficient to prove that the money or consideration has been given or received and will presume that the money or consideration has been given or received corruptly unless the contrary is proved. This represents a reversal of the usual presumption of guilt and innocence.

67.3 Corruption occurs if a person offers gifts or consideration as an inducement or acts in collusion with others that is with two or more persons acting together. This could involve Members or officers of the Authority, members of the public or other third parties.

67.4 Areas which may be most at risk in respect of corruption include, but are not exclusively related to, the following:

- a) Tendering and award of contracts;
- b) Settlement of contractors claims for loss and expense, compensation, additional payments, or work not done or substandard;
- c) Disposal of assets.

68 Anti-Fraud Culture and Key Principles

68.1 Transport for the North aims to ensure that Members and officers exercise proper stewardship of public money and that effective controls and procedures are embedded into all working practices which will prevent and detect fraud and corruption. Members and officers should be aware of their roles in preventing and detecting fraud and managers should ensure they lead by example in compliance with rules and regulations.

- 68.2 Legislation regulates local authorities and, amongst other things, sets out the framework that ensures that local authorities adopt effective control and governance arrangements. Within this framework, Transport for the North has adopted a Constitution containing instructions, regulations and procedures which are designed to ensure high standards of probity in the conduct of the affairs of Transport for the North of which this policy forms a part.
- 68.3 The primary defence against fraud and corruption is the establishment of sound practices, procedures, and systems, incorporating effective controls, which are subject to effective monitoring, supervisory and managerial arrangements. It is the duty of every manager and supervisor to operate the systems and controls in their area of responsibility, necessary to prevent and detect fraud and corruption. Failure to do so, especially where such failure results in fraud, corruption, or theft, may result in disciplinary action.
- 68.4 These control arrangements need to apply within an overall culture, within Transport for the North, which positively promotes the highest standards of probity and which makes it absolutely clear that Transport for the North will not tolerate dishonesty on the part of any of the officers or Members of Transport for the North or any persons or organisations involved in any way with Transport for the North.
- 68.5 Compliance with all the rules and statutes referred to above involves the implementation and maintenance of effective management arrangements, systems, controls, procedures, working practices, standards of good practice and monitoring arrangements. This combination of measures, allied to a culture that promotes the highest standards of probity, represents Transport for the North's primary defence against fraud and corruption.
- 68.6 Where Transport for the North Members or Officers are involved, or where any person acts on or as an agent of Transport for the North, or where initiatives or schemes involve funding through Transport for the North, the principles outlined in the Anti- Fraud and Corruption Policy must be applied.

69 Roles and Responsibilities of Members

- 69.1 All Members have a duty to act to prevent fraud and corruption. Every Member has a role to play in maintaining the standards of probity and integrity that the public is entitled to expect. This includes compliance with relevant rules and procedures, the Code of Conduct for Members, which elected Members have adopted in their Constituent Authorities, and the Code of Conduct for Board Members of Public Bodies, which co-opted members are expected to adhere, to address standards and expectations.

70 Audit and Governance Committee

- 70.1 The Audit and Governance Committee will regularly review the Anti-Fraud and Corruption Policy and will ensure that any matters arising from the implementation of the policy are properly investigated. Internal Audit will report to the Audit Committee on significant matters arising from investigations of fraud and corruption.

71 The Finance Director

- 71.1 The Finance Director is responsible for ensuring that suspected financial irregularity

is reported and investigated. The Finance Director is responsible for deciding what investigation action is to be taken and ensuring it is completed.

72 Monitoring Officer

72.1 Any concerns related to Member compliance with the Code of Conduct would be referred back to the Member's appointing Authority for consideration/investigation. Transport for the North will co-operate fully with any such investigation and will provide all necessary information/evidence.

73 Internal Audit

73.1 Internal Audit acts on behalf of the Finance Director in relation to the investigation of reports of financial or other irregularity and can offer advice and support to managers during this process.

73.2 The Internal Audit also provide advice on appropriate controls to help prevent and detect fraud and corruption and will work with Chief Officers to provide assurance that controls are working as intended and to improve internal control where necessary.

74 Management

74.1 Chief Officers have a specific responsibility to publicise the anti-fraud and corruption policy to all officers and to ensure that they are aware of their responsibilities as outlined in this policy and of sanctions that can be levied.

74.2 Managers are responsible for actively dealing with suspected cases of fraud in a reasonable timeframe.

74.3 Responsibility for maintaining effective systems, procedures, and controls to prevent fraud and corruption rests with the Chief Officer and their managers responsible for relevant systems or particular areas of service.

75 Officers

75.1 All officers have an obligation to be vigilant to the risk of fraud and corruption. They are expected and positively encouraged to raise concerns relating to potential fraud and corruption when they become aware of it. Employees should report matters of concern as soon as possible. Reports raised in good faith will be treated in a confidential manner and investigated.

75.2 The Employees Code of Conduct addresses Transport for the North's standards and expectations of personal conduct. Breaches of conduct will be addressed through disciplinary procedures.

76 Reporting Irregularities - Members

76.1 Where Members wish to report alleged irregularities, the normal reporting route should be through the Chief Executive or the Finance Director.

76.2 The Chief Executive and Monitoring Officer must be informed where alleged irregularities involve Members. If allegations involve a breach of the Code of Conduct this will be referred to the Member's Appointing Authority.

77 Reporting Irregularities - Officers

- 77.1 As indications of suspected irregularities could arise in many different ways it is possible that any of Transport for the North's officers could be the first to become alerted to a potential situation involving fraud or corruption.
- 77.2 Any officer, becoming aware of a potential financial irregularity must, under normal circumstances, report the situation to his/her line manager as soon as possible. The manager in turn should also report through the management structure and to Internal Audit as soon as possible.
- 77.3 At the appropriate management level, which is normally the Director, the situation must be reported to the Finance Director who will decide on a course of action.
- 77.4 Internal Audit will advise on and instigate such action as considered necessary for investigating the alleged irregularity. This will take into account whether the alleged financial irregularity warrants investigation by Internal Audit, whether the Police should be referred to immediately or whether Transport for the North should conduct its own investigation.
- 77.5 Where an allegation or suspicion of fraud concerns an officer of Transport for the North and is considered sufficiently serious to be investigated, then an Investigating Officer will be appointed. As appropriate and agreed Internal Audit will investigate fraud involving accounting and other records, evaluate systems and internal control and collate evidence providing an opinion on allegations made. This will be reported to the Investigating Officer who will have overall responsibility in taking the investigation forward for disciplinary purposes and reported to the Finance Director where system weaknesses and control issues are involved.

78 Reporting Directly to Internal Audit or the Statutory Officers of Transport for the North

- 78.1 If an officer feels it would not be appropriate to report alleged or suspected irregularities through the normal line management structure, then the officer may report their concerns under Transport for the North's Whistleblowing Policy which is set out in the next part of this Constitution.

79 Monitoring

- 79.1 The Finance Director is responsible for monitoring the effectiveness of the procedures for investigation of irregularities outlined in the guidance note and for amending the procedures as necessary. Internal Audit will review the effectiveness of the internal control environment and reports will be made to the Audit and Governance Committee where appropriate on the number, type and outcome of investigation matters as appropriate.

SECTION F WHISTLEBLOWING POLICY

80 Whistleblowing Policy Statement

- 80.1 Transport for the North is committed to the highest possible standards of openness, probity and accountability and will not tolerate wrongdoing in its business.
- 80.2 Transport for the North is therefore committed to encouraging employees and other workers who have legitimate concerns about any of the organisation's activities to voice those concerns.
Transport for the North will protect individuals who make a protected qualifying disclosure with regard to instances of wrongdoing from any form of detriment in their employment and will investigate all concerns raised in the public interest.

81. Aims of This Policy

- 81.1 The aims of this Policy are to:
- a) Provide a means for you to raise a concern about suspected wrongdoing;
 - b) Set out the safeguards that you can expect when raising concerns under this;
 - c) Reassure you that reprisals or victimisation for whistleblowing in the public interest will not be tolerated;
 - d) Demonstrate Transport for the North's zero tolerance commitment to tackling fraud and corruption; and
 - e) Demonstrate the organisation's commitment to treat all disclosures consistently and fairly.

This Policy It is available for use by all officers, agency and contract workers of Transport for the North.

82 What is Whistleblowing?

- 82.1 Whistleblowing is the term used when a worker passes on information about wrongdoing in the workplace. The Employment Rights Act 1996 as amended by the Public Interest Disclosure Act 1998 provides legal protection from detriment in their employment for employees who whistleblow. To be protected by current law the disclosure must be a "qualifying disclosure" and must comply with statutory conditions.

83 Definition of Qualifying disclosures

- 83.1 A qualifying disclosure is raising a concern that:
- A criminal offence has been committed, is being committed or is likely to be committed;
 - A person has failed, is failing or is likely to fail to comply with a legal obligation to which that person is subject;
 - A miscarriage of justice has occurred, is occurring or is likely to occur;
 - The health and safety of any individual has been, is being or is likely to be endangered;
 - The environment has been, is being or is likely to be damaged;
 - Information tending to show any of the above is being or is likely to be concealed.

83.2 Conditions for Legal Protection

83.3 In order to be protected:

- a disclosure must be in the public interest;
- the worker must have a reasonable belief that the information shows that one of the categories of wrongdoing listed in the legislation has occurred; and
- the concern must be raised in the correct way.

83.4 Restrictions on the use of the Policy

83.5 This Whistleblowing Policy is intended to cover concerns that fall outside the scope of other procedures and which involve an issue in the public interest. It is not to be used where other more appropriate procedures are available. In particular concerns in relation to how you are being treated at work (e.g. bullying, harassment or discrimination) should be raised under the Dignity at Work Procedure and not under the Whistleblowing Policy.

83.6 Concerns about the actions of elected Members and Co-opted Members of Transport for the North's Boards and Committees should be raised under the Code of Conduct for Members and referred to the Monitoring Officer.

84 Whistleblowing Procedure

84.1 Employees are often the first to realise that there may be something seriously wrong within an organisation. Normally you would be expected to raise any concerns initially with your line manager.

84.2 This Whistleblowing policy encourages and enables employees and others with serious concerns about any aspect of Transport for the North's business to come forward and voice those concerns.

84.3 The Act directs you towards raising your concerns internally in the first place and, where there is a Whistleblowing Procedure in place, to use it. However, the Act will protect workers where they make external disclosures in a range of circumstances such as when obtaining legal advice or when making disclosures to prescribed persons such as regulators (see list of prescribed persons set out in paragraph 90.0 below under the heading List of Prescribed Persons for External Whistleblowing.)

85 Statutory Protection

84.1 The law protects employees who raise concerns in the public interest from being discriminated against or victimized in their workplace. However, if you choose to disclose information in a way which is not covered by the Act, then you will lose its protection.

86 Raising a Concern

86.1 You should raise any concerns promptly and report your concerns to your line manager in the first instance. However, you may raise a concern outside the normal management reporting line if your concern is about the actions of your

line manager or you do not believe the line manager will take your concerns seriously. You may raise your concerns with a senior manager or with one of the Transport for the North post holders listed below in paragraph 86.3 under the heading List of Post Holders for Internal Whistleblowing.

86.2 When reporting your concern it is recommended that if possible, you use the Reporting Form attached at Appendix B.

86.3 List of Post Holders for Internal Whistleblowing

- a) Your Line Manager;
- b) Your Director;
- c) Finance Director - Iain Craven;
- d) Chief Executive - Barry White;
- e) Head of Legal/ Monitoring Officer – Julie Openshaw;
- f) Head of HR – Stephen Hipwell.

86.4 This Whistleblowing Policy encourages and enables staff and others with serious concerns about any aspect of Transport for the North's work or those with whom it is engaged, to come forward and voice their concerns.

86.5 Do not:

- a) Do nothing;
- b) Be afraid of raising your concerns;
- c) Approach or accuse any individuals directly;
- d) Try to investigate the matter yourself; or
- e) Convey your suspicions to anyone other than those listed in the List of Post Holders for Internal Whistleblowing or the List of Prescribed Persons for External Whistleblowing.

(See Appendix A for more detailed advice).

87 Dealing with a Concern

87.1 Transport for the North is committed to treating all concerns consistently and fairly.

Where a concern is referred to a Line Manager, the Line Manager should consider the facts reported, together with any supporting documentation, and unless he or she has information which shows that the concerns are not valid should refer the matter immediately to the Finance Director for further enquiry.

87.2 If the concern is about either the Finance Director or the Chief Executive, the Monitoring Officer shall be informed, and he/she will advise on how the investigation will proceed. Normally an external investigator will be appointed to investigate such allegations.

87.3 All concerns raised under this Whistleblowing Policy must be recorded in the central register and where they are not investigated further, the reasons why a concern has not been investigated should be recorded.

88 Procedure for Dealing with a Concern

88.1 The Finance Director will receive reports from employees or managers and will normally appoint a Designated Officer (DO) to conduct enquiries to establish the facts and the substance of any allegations or suspicions.

- 88.2 The DO will interview you to ascertain the basic facts and will:
- a) Ask you if you wish your identity to be kept confidential;
 - b) Give assurances against possible reprisals and victimisation;
 - c) Ask you for a written or verbal statement; and
 - d) Write a brief summary of the interview, which you will be asked to agree.
- 88.3 Where any meetings are arranged during the course of the investigation of your concerns you may, if you wish, be accompanied by a trade union representative or a work colleague.
- 88.4 The DO will report back to the Finance Director normally within 10 working days . If initial enquiries establish that there is a prima facie case for investigation the Finance Officer will request the DO to proceed with a further investigation. Exceptionally a concern may be referred to Transport for the North's Internal Auditors for investigation.
- 88.5 The DO will inform you of the course of action which has been agreed by the Finance Director i.e. whether to carry out an investigation or to take the matter no further in which case they will provide you with the reasons for that decision.
- 88.6 In some cases it may be necessary to conduct the investigation under terms of strict confidentiality, i.e. by not informing the subject of the referral until it becomes necessary to do so. This course of action is normally appropriate in cases of suspected fraud or corruption or other serious criminal offences. In certain circumstances, it may be necessary to suspend the individual(s) from work pending completion of the investigation.
- 88.8 You may be contacted again during the course of the investigation and may be asked to provide further information
- 88.9 The DO shall report back to the Finance Director on the investigation normally within 10 working days. The Finance Director shall decide the outcome of the investigation and any further necessary action and shall inform the Chief Executive.
- 88.10 A central record of all whistleblowing referrals will be kept, and a regular review of all whistleblowing referrals will be undertaken to ensure that all concerns are being dealt with on a consistent basis.

89 Following the Investigation

- 89.1 If the investigation shows that there is a case to be answered by any employee, the matter will be considered under Transport for the North's Disciplinary Procedure. In cases where there is evidence of a criminal offence, the Police will be informed.
- 89.2 Transport for the North acknowledges the need to provide you with assurance that your concern has been properly addressed and, subject to any legal constraints, no later than one month following the completion of the investigation, you will be advised of the outcome of the investigation (this will not include details of any disciplinary action, which will remain confidential to the individual concerned).

89.3 If you are not satisfied with the outcome of the investigation, Transport for the North recognises the lawful rights of its employees and ex-employees to make disclosures to the prescribed persons listed in paragraph 90.9 in the List of Prescribed Persons for External Whistleblowing. If this course of action is taken, you should inform the DO who will inform the Finance Director.

89.4 The Finance Director has overall responsibility for this policy and will undertake an annual review of referrals under the policy and will prepare an annual report on the working of the policy to the Audit and Governance Committee. Where appropriate, outcomes of matters arising from Whistleblowing cases will be publicised throughout Transport for the North as part of the ongoing promotion of the Anti-Fraud and Corruption Policy, although the confidentiality of any whistleblowers and of any disciplinary processes will be maintained.

90 Safeguards

90.1 Confidentiality

90.2 Where requested to do so, Transport for the North will make every effort to maintain the confidentiality of the source of all whistleblowing referrals and will endeavour not to disclose your identity unless required by law to do so.

90.3 Protection from Reprisal

90.4 Transport for the North recognizes that the decision to report a concern can be a difficult one to make, not least because of fear of reprisal from those accused of wrongdoing. The organisation will not tolerate harassment or victimisation and will take action to protect you if you raise a concern which you reasonably believe to be true. This action may include disciplinary action against those that subject you to detriment as a result of a whistleblowing referral.

905 If at any time either during or after the investigation, you feel that you have suffered victimisation or any detriment as a result of your whistleblowing referral including breach of your confidentiality as a whistle blower, you should contact the D O who will refer the matter to the Head of HR. Where action is required this will be led by the Head of HR under the Disciplinary Policy.

90.6 If, when you raise a concern, you are already the subject of a procedure such as disciplinary, improving performance, grievance or improving attendance these will not be halted as a result of your whistleblowing referral.

90.7 Anonymous Allegations

90.8 Allegations can be made anonymously. However, anonymous reports can be more difficult or even impossible to investigate if further information cannot be obtained from the whistleblower particularly where evidence is missing or scant. This policy encourages you to provide your name and contact details together with as much detail as you are able to supply when making your allegation.

90.9 Untrue Allegations

90.10 If you make an allegation which is malicious and/or false and/or one which you could not reasonably have believed to be true, then this may be considered an

abuse of the Whistleblowing Policy and disciplinary action may be taken against you.

90.11 Independent Advice

Protect Advice Line – whistle@protect-advice.org.uk Telephone no 020 3117 2520 (option 1)

91 External Contacts

91.1 The aim of this policy is to provide an internal mechanism for reporting wrongdoing in the workplace. In most cases you should not find it necessary to alert anyone externally.

91.2 The law recognises that in certain circumstances it may be necessary to report your concern to certain prescribed people and bodies. It is strongly recommended that you seek advice before you report your concerns to any one external to Transport for the North. If you tell a prescribed person or body, it must be one which you reasonably believe deals with the issue you are raising. A list of the prescribed people or bodies is set out in paragraph 90.9 in the List of Prescribed Persons for External Whistleblowing.

92 Raising a Concern Externally

92.1 In order to retain legal protection if you raise your concern externally the concern must be a qualifying disclosure which meets the criteria for protection set out above in paragraph 82.3 under the heading Definition of Qualifying Disclosures.

92.2 You will only have legal protection if you raise your concern with a third party other than a prescribed body if you make the disclosure:

- in the reasonable belief that it is in the public interest and that the information and allegations are substantially true, and
- do not make the disclosure for personal gain, and
- have already raised the matter with TfN or a prescribed regulator, unless you reasonably believe that you will suffer a detriment, or there is no prescribed regulator and you reasonably believe that evidence will be concealed or destroyed if you make the initial disclosure to Transport for the North, and
- in all of the circumstances it is reasonable to make the disclosure.

93 Concerns of an exceptionally Serious Nature

93.1 You may raise your concern externally with legal protection without having first raised it internally if your concern is of an exceptionally serious nature and you make the disclosure:

- in the reasonable belief that it is in the public interest and, that the information and allegations are substantially true, and
- do not make the disclosure for personal gain, and
- in all of the circumstances it is reasonable to make the disclosure.

- 93.2 When considering whether it was reasonable for you to make the disclosure, regard will be had particularly to the identity of the person to whom the disclosure was made.

94 List of Prescribed Persons for External Whistleblowing

- 94.1
- Your own Solicitor; (to enable you to receive legal advice);
 - Your MP;
 - A Prescribed Person or Body.

A full list of all prescribed persons and bodies is on the Government Website. (www.gov.uk)

- 94.2 If you refer your concern to a prescribed person or body, you must make sure that you have chosen the correct person or body for your concern.

- 94.3 The following are a few of the most relevant to Transport for the North's business:

- The Comptroller and Auditor General (about proper conduct of public business, value for money, fraud and corruption)
- The Information Commissioner (about compliance with Data Protection and Freedom of Information legislation)
- The Environment Agency (about an actual or potential effect on the environment)
- Equality and Human Rights Commission (about breaches or Equalities and Human Rights legislation)
- The Health and Safety Executive (about the health and safety of individuals at work or of the public)
- The Office of Rail and Road (about the provision of railway services)
- Your Local Authority (about health and safety at work)

- The Secretary of State for Transport (about road or rail transport security).

Appendix A

How to Raise a Concern (Dos and Don'ts)

DO NOT ignore the concern – it is important that you feel comfortable raising legitimate concerns in the public interest as this provides Transport for the North the opportunity to address the associated issues as soon as possible

DO Report your suspicions in line with this policy to your line management, the relevant programme management, Senior Management, or the Finance Director. The decision on who to report your suspicions to will depend on the seriousness and sensitivity of the issues concerned and who is thought to be concerned in the wrongdoing. For example, if departmental management are involved then Transport for the North's Monitoring Officer can give advice and guidance on how the matter can be pursued.

Do make an immediate note of your concerns and deal with the matter promptly. The earlier you express your concern the easier it is to take action. Over time these details can be forgotten or remembered incorrectly which can make a concern more difficult to investigate and so it would help us if you make a note of your concerns at the time and let us know about them as soon as possible.

You will need to demonstrate that there are sufficient grounds for your concern. It would be useful to provide relevant information including where possible, but not limited to:

- The background and history to the case;
- The reason why you are particularly concerned;
- Any specific details available including names, dates, times and places;
- Details of any particular conversations that support the concerns;
- Details of any personal interest you may have in the matter; and
- How you think matters may be put right, if possible.

DO NOT be afraid of raising your concerns and if a manager **DO** be responsive to staff concerns

We want to encourage people to voice any reasonably held suspicions to help us to develop a culture of openness, honesty, and accountability. All concerns should be treated sensitively and seriously and be subject to the necessary investigation and follow up communication where possible. If you are a manager receiving a concern you also need to make sure you send details of all referrals to the Finance Director for monitoring and action.

DO NOT approach or accuse any individuals directly or tell anyone about your suspicions except those with the proper authority.

If a concern is discussed with someone directly involved, then it creates an opportunity for evidence to be tampered with or removed.

Concerns should not be discussed with others who are not involved in a properly structured investigation. Doing so may leave you open to allegations of making defamatory comments should your concerns be unfounded as these could damage the reputation of individuals and Transport for the North even if there is no evidence of any wrongdoing.

DO NOT try to investigate the matter yourself.

There are special rules surrounding the gathering of evidence. Any attempt to gather evidence by people who are unfamiliar with these rules may adversely affect the outcome of the

investigation as evidence has to be gathered in accordance with statutory requirements. This is of particular importance with regard to surveillance. If you are at all unsure about the gathering of evidence, you should contact the Transport for the North legal team for advice.

All referrals will be treated in the strictest confidence.

Part 5A of the Local Transport Act 2008 (as inserted by section 21 of the Cities and Local Government Devolution Act 2016) (“the 2008 Act”) provides for the establishment of subnational transport bodies for the whole of the area of two or more relevant authorities. Subnational transport bodies are bodies corporate which may be given power to exercise specific functions.

Regulations 1 to 4, and the Schedule, set out the name, commencement, interpretation, establishment and constitution of Transport for the North.

Regulations 5 to 8 provide for TfN’s general transport functions, powers to make capital grants and set up ticketing schemes and confer some Passenger Transport Body powers under s13 of the Railways Act 2005 in relation to rail franchising.

Regulations 9 to 12 provide for TfN to exercise various functions under the Highways Act 1980 as regards highways, concurrently with local authorities and jointly with the Secretary of State.

Regulations 12 and 13 provide for various references in the Highways Act 1980 to be treated as if they included references to TfN, so as to enable TfN to undertake various highways related functions.

Regulation 14 provides that prior to exercising the function of constructing new highways, TfN must first obtain the approval of various authorities and the Secretary of State, as to the manner in which it intends to exercise that function.

Regulation 15 provides that TfN may not exercise any other function listed in regulation 11, concurrently with a local authority, unless the manner in which it proposes to exercise such function has been approved by the local authority.

Regulation 16 ensures that a highway constructed by TfN will be maintainable at the public expense.

Regulation 17 places TfN under a duty, when constructing a new highway, to take such measures as appear to it to be appropriate to reduce the possibilities of accidents when that highway comes into use.

Regulation 18 makes provision for the constituent authorities to make a contribution in respect of any reasonably incurred costs of Transport for the North.

Regulation 19 makes some incidental provisions relating to Transport for the North to enable it to carry out its functions effectively.

An Explanatory Memorandum and a Parliamentary Report by the Secretary of State are available with these Regulations on www.legislation.gov.uk. Copies have also been placed in the Libraries of both Houses of Parliament.

A full regulatory impact assessment has not been prepared as this instrument will have no impact on the costs of business or the voluntary sector.

DfT/Transport for the North PARTNERSHIP AGREEMENT

**Memorandum of Understanding
between the Department for Transport and Transport for the North**

Dated

31 July

2018

Section 1: Vision

1. The Department for Transport ('the Department') and Transport for the North (TfN) are both committed to delivering transformational economic growth in the North - with transport at the heart of this - and the creation of TfN as the first sub-national transport body (STB) embodies this commitment. The shared vision of the Department and TfN is for a North which has a vibrant and growing economy that builds on the existing strengths of the North, attracts and retains the brightest and best talent and attracts investment from overseas. A strong knowledge economy, centred on thriving cities, is at the heart of this vision for the North's economy. The aim of the partnership between the Department and TfN is to support this vision becoming a reality.
2. Central to TfN's agenda will be to identify the right strategic, transformational transport interventions to connect major centres of population, trade and commerce. TfN is a unique arrangement that sees Government, Northern local authorities and Local Enterprise Partnerships (LEPs) working together, along with National Highways, Network Rail and HS2 Ltd, with the shared aim of transforming Northern growth by rebalancing the economy and establishing the North as a global powerhouse. The role of TfN is to represent the collective views of the North and its constituent bodies, acting as one voice to the Department. Through this partnership, the Department and TfN agree to work together to deliver the following shared objectives:
 - Demonstrable, improved outcomes for passengers, freight and all transport users across the North;
 - Furthering of transport interventions which will boost transformational economic growth and opportunity in the North; and
 - Supporting decisions to be taken at the right level and geography.
3. The Department and TfN agree that they will work in a collaborative spirit to achieve the objectives set out above, ensuring that the North has the voice and powers it needs to set the strategic direction for transport in the North.

Section 2: Background

This document

4. With these objectives in mind, this document has been drawn up collaboratively by the Department and TfN to set down the obligations, principles and working arrangements that underpin the relationship between the two parties. The aim is to provide both the Department and TfN with the information and lines of communication needed to ensure the effective functioning of both bodies and to ensure an effective partnership between the two.
5. This document is not legally binding but both parties agree to operate in line with it. To this purpose, it is signed and dated by the Department and TfN. Copies of the document are placed with TfN and the Department and made available to members of the public on TfN's website.
6. A light-touch review of this document will be carried out annually by the Department and TfN, with a more comprehensive review to be carried out every three years by both parties. However, the Department or TfN may propose amendments to this document at any time.

Legislation

7. Under the Local Transport Act 2008, amended by the Cities and Local Government Devolution Act 2016, TfN has been established as the first STB, with the purpose of developing and implementing transport strategies in the region. TfN's aim is to plan and ensure the development of new infrastructure and the delivery of the improvements needed to truly connect the region with fast, frequent and reliable transport links, driving economic growth and supporting the creation of a Northern Powerhouse. TfN's vision as the first STB is to facilitate transformational economic growth in the North through a world class transport system, representing one legitimate voice for the whole of the North.
8. The Department put forward legislation to establish TfN in statute to ensure it has the stability, permanence, and authority to inform policy and to prioritise investments across the North¹ which the Department must then have regard to in national decision-making. The Regulations establishing TfN as the first STB were passed in January 2018 and became effective on 1 April 2018. As a 'statutory partner', TfN will work with the Department to enable northern priorities to be incorporated in its national level prioritisation decisions, ensuring Ministers have the best evidence and advice on which to take decisions

Section 3: TfN's statutory functions and responsibilities

9. TfN's statutory functions are to:
 - Prepare a transport strategy for the North;
 - Provide advice to the Secretary of State about the exercise of transport functions in relation to the North (whether exercisable by the Secretary of State or others);
 - Co-ordinate the carrying out of transport functions in relation to the area that are exercisable by different constituent authorities, with a view to improving the effectiveness and efficiency in the carrying out of those functions;
10. Consider whether a transport function in relation to the area would more effectively and efficiently be carried out by TfN and if so to make proposals to the Secretary of State for the transfer of that function to TfN; and make other proposals to the Secretary of State about the role and functions of TfN.
11. In order to fulfil its statutory functions, both parties agree that TfN will:
 - Speak with a single, strong voice to the Department, bringing together all the relevant parties across the North;
 - Focus on improving outcomes for passengers and transport users across the North;
 - Prioritise transport interventions that will further transformational economic growth in the North;
 - Make recommendations to the Secretary of State for consideration within the context of the national transport policy.
 - Engage with the Department to ensure the priorities it identifies are understood and recognised in national decision-making; and
 - Provide the Department with information, outlined in this document, to ensure the Department can fulfil its responsibilities as sponsor and funder of TfN.
12. TfN must satisfy the conditions attached to any funding from the Department. These will be set out in an annual funding letter issued by the Department. More information on the annual funding letter can be found in Section 6.

¹ 'The North' in this document refers to the geographical area that Transport for the North, through its Members, represents.

13. TfN will be accountable to local citizens through its constituent authorities. Further to this, TfN's Head of Paid Service (the Chief Executive), Monitoring Officer and Chief Finance Officer (Finance Director) must comply with their statutory duties defined in sections 4, 5 and 6 of the Local Government and Housing Act 1989, and with the requirements of the CIPFA Code. This includes preparation of an annual statement of accounts in accordance with the Local Audit and Accountability Act 2014. The Department acknowledges these responsibilities placed upon TfN by local government legislation.
14. In addition, in carrying out its statutory functions and responsibilities (including its obligations to its partners) TfN must take into account the Department's obligations (as funder) to deliver value for money in accordance with HM Treasury's *Managing Public Money* and *The Green Book* and the necessary sponsorship arrangements this requires (see sections 5, 6 and 7).

Section 4: TfN's role in the national transport network

15. TfN was established to represent the collective views of the North, acting as one voice on their behalf. In this respect, an essential function of TfN is to act as a statutory partner in the Department's road and rail investment processes. This provides TfN with a strong, formal and ongoing role in the Department's investment processes insofar as they relate to the North, enabling TfN to set its long-term strategic priorities for the region which will then inform the Secretary of State's decisions on national investments.
16. The Department expects TfN to prioritise the investments that drive economic growth in the North. The Department will have regard for the priorities identified by TfN, however the Secretary of State remains the final decision maker. If TfN considers the Department to have not taken due account of a recommendation, TfN reserves the right for the Chair of the TfN Board to raise this with the Secretary of State.
17. In its role as a statutory partner of the Department, TfN is responsible for:
 - Developing a statutory Transport Strategy;
 - Undertaking statutory consultation on the Transport Strategy;
 - The setting of the North's objectives and priorities with regards to strategic road and rail investments; and
 - Engaging with the Department to ensure that these priorities are understood and recognised in national decision making.

Road - Highways North Board

18. The Highways North (HN) Board has been established comprising representatives from TfN, the Department and National Highways. This Board will meet at least quarterly and recommend conclusions, papers, and materials to be shared with decision-making groups, informing the creation of future Road Investment Strategy and other competitive major road funding programmes. The Terms of Reference for this Board, including membership, role and working

practices, is included at Appendix 1.

19. The HN Board will have access to certain key process documents to enable candid discussions to be held. However, these materials will remain confidential and both parties agree to the careful management and handling of this information. An appropriate Departmental Director will provide internal oversight of how any potentially sensitive information is shared with the HN Board.

Rail - Franchising

20. The North has, through a Partnership Agreement relating to rail franchise management and cooperation on investment planning signed between the Department and Rail North in March 2015 (Partnership Agreement), worked in partnership with the Department in the management of the region's two principal franchises (TransPennine Express and Northern). TfN's proposal to become an STB, agreed by the Secretary of State in March 2017, included the proposal that Rail North's functions for the North's franchises would be transferred to TfN to enable it to best fulfil its statutory role. This has been affected by the novation to TfN and amendment of the Partnership Agreement such that the existing roles and responsibilities of Rail North will in future be discharged by TfN. A copy of the updated agreement (Updated Partnership Agreement) is at Appendix 2.

Rail - Infrastructure Investment

21. The updated Partnership Agreement gives effect to TfN's 'statutory partner' role in rail investment planning and delivery. TfN will work with the relevant investment planning teams within the Department to identify and progress the case for investments that could assist with the delivery of the TfN Statutory Transport Plan. One of the means by which TfN will discharge its functions will be through its membership of the Rail North Partnership Board in accordance with the separate updated Partnership Agreement, with provision that either the Secretary of State or TfN may seek advice directly from the other on any key issues or priorities relating to the area covered by TfN.

Section 5: TfN Governance

22. TfN's Constitution and Governance Framework sets out the remit and responsibilities of the boards and committees within TfN's structure. These bodies' roles are characterised as decision-making, consultative or review based. These governance arrangements support TfN to function as an independent body. TfN's Governance Framework is included at Appendix 3.
23. It should be noted that individual joint projects, such as the Northern Powerhouse Rail (NPR) programme and the Integrated and Smart Travel (IST) programme (Smart Ticketing) have their own governance and funding arrangements (see section 8 below). However, any and all expenditure that is effected through TfN must comply with the requirements of the TfN Constitution and Scheme of Delegation (irrespective of individual programme governance arrangements).

Decision-making bodies

24. Decision-making is the responsibility of TfN meeting as a corporate body (herein referred to as the Board) comprising representatives of the 19 constituent authorities. The regulations establishing TfN also provide for representatives of the 6 Rail North Authorities to be co-opted onto the Board, as well as the independent Chair of the Partnership Board. The Board has also agreed to co-opt the 11 LEPs represented on the Partnership Board and the statutory agencies, HS2 Ltd, Network Rail and National Highways. The Board will, through its constitution, delegate the discharge of its functions to its officers. Expenditure decisions taken are subject to conditions included in this Memorandum of Understanding and related programme funding letters, which are issued by the Department.

Consultative bodies

25. The TfN Partnership Board and the TfN Executive Board are consultative bodies. The Membership of these boards is derived from the Department, the TfN Members' Board, plus representatives from key stakeholders. The Terms of Reference for these Boards, including the governance structures, are in TfN's constitution.
26. The Partnership Board's purpose is to contribute to TfN's effective exercise of its powers, and the development and delivery of its strategy and programmes through transparency and inclusivity. The Partnership Board has an independent chair.
27. The Executive Board promotes dialogue on key issues across TfN's portfolio, including finance, risk and business planning from the different work programmes.

Review bodies

28. TfN has an Audit and Governance Committee, which has a high-level focus on the audit, assurance and reporting framework that supports the financial management and governance arrangements of TfN. TfN also has a Scrutiny Committee, whose role is to scrutinise the decisions of TfN and to make recommendations to TfN on matters relating to transport in the TfN area.

Section 6: The Department's role and responsibilities

29. The Department's role, in the capacity of funder and representation for TfN, is to:
- Have due regard to the priorities identified by TfN when making decisions affecting the North;
 - Review and, where appropriate, approve TfN's proposals to access core funding, based on the requirements of TfN's core funding letter. Review access to programme specific funding in light of previous business case approvals and ongoing monitoring of funding terms;
 - Communicate its requirements as funder and sponsor of TfN and regularly assess and review TfN's progress against these requirements, in line with the working arrangements and practices set out in this agreement and funding letter;

- Support TfN to take forward the delivery of its functions across all areas of the Department's responsibilities; and
 - Support TfN in its dealings with other Government Departments.
30. If TfN considers the Department to have not taken due account of a recommendation, TfN reserves the right for the Chair of the TfN Board to raise this with the Secretary of State.
31. In addition to this role, the Department's Principal Accounting Officer is accountable to Parliament for any funding the Department makes available to TfN and must act in accordance with HM Treasury's *Managing Public Money* and *The Green Book*.
32. In particular, the Department's Principal Accounting Officer must ensure that the financial and other governance and sponsorship controls applied by the Department to TfN (as set out in this agreement and/or accompanying funding letters) are appropriate and sufficiently safeguard public funds. TfN's compliance with these controls, must therefore be effectively monitored by the Department. In doing so, the Department will take into account TfN's additional statutory duties under local government legislation.

Section 7: Annual funding letter

33. The Department will provide an annual funding letter setting out the conditions attached to TfN's funding. This will cover:
- Ensuring effective governance;
 - The development of specific projects or programmes;
 - The preparation of TfN's Business Plan; and
 - Financial reporting.
34. Beyond these, the conditions in the funding letter will be subject to annual review. The latest version of the letter should therefore be consulted for the current conditions and requirements placed on the Department's funding of TfN. At the time of writing this document these were:
- TfN Board to sign-off reward and pay policy;
 - TfN to seek the Department's approval for recruitments of individuals over £150,000;
 - Report on any financial changes that impact on the conditions set out in the annual funding letter; and
 - Report any single expenditure over £180,000 (which is in keeping with TfN's scheme of delegation) from the core funding, and to provide any information the Department requests in relation to this expenditure.
35. Should the conditions in the funding letter not be met by TfN, a joint discussion will be held to agree any corrective action. This could ultimately include ceasing to make payments to TfN.
36. Government funding is continually subject to regular review given the number of competing priorities, which may adversely impact on TfN's future funding. Any proposed changes to TfN funding will be discussed with TfN such that consequences can be fully understood, and any mitigating financial actions taken.

Section 8: Sponsorship and governance arrangements

Sponsorship

37. The Chair of TfN is responsible for providing strategic direction to the organisation and will be TfN's primary contact with the Secretary of State. However, in addition the Department and TfN will each name an individual to act as a lead liaison officer who is responsible for the day-to-day relationship of the parties. The lead liaison officers are supported by the regular Sponsorship Meeting, which brings together senior officials in the Department and TfN for the purpose of reporting and monitoring.

Lead liaison officer's role

38. The lead liaison officer's role is to facilitate and support the working relationship between the parties across the full range of TfN's programmes. They:
- Ensure that the principles and values contained in the Memorandum of Understanding are adhered to and support the engagement between the organisations;
 - Act as the primary source of information and advice for their organisations;
 - Act as a main channel through which information is exchanged between the organisations;
 - Consider which documents should be shared with officials for wider discussion at the regular Sponsorship Meeting; and
 - Take appropriate actions to ensure any issues are resolved in a timely manner, with the first route of escalation being the regular Sponsorship Meeting.
39. Where a disagreement arises, the lead liaison officer should involve colleagues as necessary with the view to jointly resolving the problem. If an issue cannot be resolved through the working level arrangements, the lead liaison officers are responsible for further escalation through their respective organisations.

Regular Sponsorship Meeting and respective obligations

40. Subject to its Terms of Reference, the regular Sponsorship Meeting provides a regular checkpoint between the senior officials in the Department and TfN. It is the forum through which TfN provides certain information to ensure that the Department can fulfil its responsibilities as sponsor and funder of TfN. It is expected that TfN considers the Department's views expressed during the Sponsorship Meeting in any future discussions and papers going to Executive Board.
41. In order for the Department to fulfil its sponsorship responsibilities, TfN will need to provide a certain level of information on a regular basis. At the regular Sponsorship Meeting, TfN

must therefore provide the following information:

- Provide quarterly updates on actual and planned expenditure against its annual budget, including across its individual programmes (such as Northern Powerhouse Rail and Smart Ticketing) and core activities;
- Report any financial changes that impact on the conditions set out in the annual funding letter;
- Update on resourcing against their baseline plans through a regular update report, and seeking approval from the Department for any proposed individual recruitments over £150,000²;
- Provide an update on the Business Plan process, giving the Department appropriate opportunity to review and comment on the draft business plan when it is available (in recognition of the joint delivery of some of TfN's workstreams);
- Provide updates on any changes to the approved Business Plan;
- Update on any proposed changes to TfN's governance structure, as set out in TfN's constitution and governance framework;
- Update on any unplanned use of TfN's financial reserves; and
- Provide an overview of recent and upcoming engagement with the Department.

² These figures are correct at the time of publishing, but the latest annual funding letter sets out the current position.

42. At the Sponsorship Meeting it is also expected that TfN and the Department's Sponsorship Team will report on progress on individual programmes and will monitor and consider: risk, communications, value for money and any other issues, as determined by the Chair, in consultation with all attendees.
43. The Department is the Secretariat and Chair for this meeting, reflective of its role as the sponsor of TfN. The Terms of Reference for this meeting is included at Appendix 4.

Section 9: Joint working

44. The Department and TfN undertake a number of projects jointly – currently the NPR programme and elements of the IST programme – and it is expected this will continue in the future.
45. These projects are funded separately from the annual budget TfN is provided with by the Department, and in these instances separate funding arrangements and working practices have been developed. As such, the detailed working arrangements for joint projects are not included here but are instead set out in individual Terms of Reference (or similar documentation). However, when undertaking any joint project, the Department and TfN agree that the principles outlined in this agreement will underpin the development of any project-specific ways of working and governance arrangements. In addition, as noted above any and all expenditure that is effected through TfN must comply with the requirements of TfN's Constitution and Scheme of Delegation. A summary is provided below for the two projects currently being undertaken jointly.

Northern Powerhouse Rail

46. The Department and TfN work in partnership to develop and deliver the NPR programme; a major

strategic rail programme, designed to transform connectivity between the key economic centres of the North.

Smart Ticketing

47. The Department is sponsor for the IST programme which is being delivered by TfN. The programme focuses on making journeys simpler and faster for people and businesses. TfN will take forward its development for a multi-modal vision by working closely with a wide range of interested parties and stakeholders and business cases are subject to Government approval, through the Department. TfN is also a member of the Department- led Smart Ticketing National Programme Delivery Board that oversees delivery of the Secretary of State's vision for every passenger to have the option of a smart ticket on the rail network at national level.

TfN's relationships with national agencies and public bodies

48. TfN has working relationships with the Department's national agencies and public bodies, such as National Highways, HS2 Ltd and Network Rail. These relationships are managed by TfN independently of the Department, and as such are not detailed in this agreement. However, both the Department and TfN have undertaken to be transparent at all times when managing these relationships, ensuring that all parties have a mutual understanding of respective roles and responsibilities.

Section 10: Adoption, consideration and publication of documents

49. The TfN Board is responsible for the adoption of the Statutory Transport Plan. TfN is committed to having regard to the recommendations of the Partnership Board for any decisions it makes relating to the Transport Plan.
50. The Board also has responsibility for the adoption of the Business Plan. Prior to the adoption of this Plan, TfN will provide the Department with the opportunity to review and comment on the draft Business Plan, initially via the regular Sponsorship Meeting.
51. In addition to being consulted on the Business Plan, the Executive Board is ordinarily consulted on all papers that TfN officials intend to submit to the Board³ activity plans with significant expenditure implications; and revenue expenditure over the current OJEU limit.
52. In advance of the adoption or publication of TfN documents, the Department expects TfN to consider the appropriateness of engaging its working level contacts. Such engagement occurs primarily through the lead liaison officers, who may decide that a document should be shared more widely for discussion through the regular Sponsorship Meeting.

³ In instances where a paper is submitted to the Board without first consulting the Executive Board, the Department will be informed through the named lead liaison officer.

53. The Department will always respect and give appropriate consideration to the status of TfN as a statutory body before providing any comments on TfN's documents, proposals or recommended priorities for transport investment.
54. The Department and TfN will cooperate with respect to media, press and communications activity and agree working practices in support of this.

Section 11: Funding and finance

Long Term Funding

55. The Department has committed funding to support TfN through to the end of the current spending review period (2019/20). The arrangements relating to the provision of this funding are set out in a separate annual funding letter from the Department to TfN (see Section 6). In addition, future funding decisions may be taken by the constituent authorities; the regulations establishing TfN as a statutory body enables the constituent authorities to individually contribute to the costs of TfN, or as a collective if all authorities agree on the need for a financial contribution and the amount required.
56. Whilst future central government funding decisions will remain the responsibility of the government at the time, establishing TfN in statute ensures it has the stability and permanence to be confident of central government support, however, future central funding decisions will remain the responsibility of the government at the time.
57. In recognition of this, both parties agree that TfN will conduct its financial planning on the basis that funding will continue to be provided to enable it to perform its statutory duties. However, it is expected that TfN will seek to minimise any liabilities, subject to meeting its core objectives as an organisation, outside of the period for which it has secured funding, and that the Department and TfN members will be kept sighted of any expenditure in this category through agreed sponsorship and governance mechanisms.
58. In the event that TfN's funding was to be discontinued by the Government of the day, and TfN was unable to raise sufficient funds from its constituent members to allow it to continue to operate the Department would work with TfN to ensure the orderly winding down of the organisation. Part of this process would be to determine the extent of any future TfN related assets and liabilities and how best to deal with them.

Maintenance of Reserves

59. At present, TfN is reliant on the Department for its funding and, specifically, to progress the NPR programme and the IST programme, and for its core team/back office function.

60. At the same time, establishing TfN as a Local Government body means that it is required to operate within the context of Local Government accounting regulations, including the need to comply with the CIPFA code, which the Department recognises and accepts. These regulations include a requirement for Local Government bodies to adopt a reserves policy and to consider their reserving requirements on an ongoing basis in light of that policy and changes in the nature and quantum of the activity undertaken. A key element of the work performed by TfN's external auditor will be to assess the adequacy of and compliance with this policy.
61. TfN has an extremely limited ability to raise revenue that is additional to the funding that it receives from the Department through voluntary contributions from its Constituent Authorities, under article 18 of the Sub-national Transport Body (Transport for the North) Regulations 2018 and therefore any reserve will de facto be resourced through the funding that it receives from the Department.

TfN Cash Flow / Payment of Grant

62. In order for TfN to meet its immediate and shorter-term financial commitments it is recognised that it should maintain a level of cash appropriate to the size and nature of its activities, and its obligation to maintain reserves. The minimum level of cash required at any point may change as TfN develops and its programmes progress, and this will be agreed between TfN and the Department.
63. Furthermore, the minimum level of cash will be set at an individual programme / funding stream level, taking into account reserving requirements, which means there will minimum cash levels set for core activities, NPR and IST (and potentially other programmes in the future). This will also provide greater clarity and transparency around exactly which programmes the cash transfers from the Department are funding.

Ways of Working

64. At the beginning of each quarter, or by reference to the agreed funding terms for individual programmes, TfN will provide the Department with an analysis of actual expenditure incurred in the previous quarter, the current cash balance held together with a forward look of planned expenditure over the next quarter. This analysis will be carried out at individual programme level i.e. core activities, NPR and IST. The cash pay over to TfN from the Department will then be calculated by taking the current cash balances for each programme plus the planned expenditure for the following quarter plus/minus an adjustment to ensure the minimum cash reserve is rebalanced.

Section 12: Information sharing and confidentiality provisions

65. As set out in TfN's constitution, TfN will comply with all legal requirements with regard to the provision of information, including adherence to a publication scheme using the model publication scheme developed by the Information Commissioners Office

66. If either TfN or the Department receives a request for information which was either supplied by or relates to the other body, the party receiving the request shall consult the other. Where appropriate, the parties shall discuss the potential application of any Freedom of Information Act 2000 (Fol) exemption or Environmental Information Regulations 2004 exception.
67. Subject to any statutory and regulatory requirements, either party may request that commercially sensitive or otherwise confidential information provided to the other should not be disclosed.

Highways North Board Terms of Reference

Transport for the North has a wide range of interests in the work being brought forward by National Highways, across the area for which Transport for the North is the Sub-National Transport Body. Transport for the North is also actively engaged in establishing a vision for the future of transport in the area, which National Highways has a strong interest in understanding and helping to shape. The Highways North Board is intended to serve as a forum for these discussions to take place.

Role and purpose

- 1) The Highways North Board will:

Appendix 7 – RAIL NORTH PARTNERSHIP BOARD TERMS OF REFERENCE

The detailed principles of the Rail North Partnership Board are set out in paragraphs 6.1-6.13 and Schedule 2 of the DfT/Rail North Partnership Agreement.

Appendix 8 – PROTOCOL FOR THE EXERCISE OF CONCURRENT FUNCTIONS

Appendix 8 – PROTOCOL FOR THE EXERCISE OF CONCURRENT FUNCTIONS

Background

- 1) By Regulations made the 22nd January 2018 Transport for the North has been established as a Sub-national Transport Body with the following key functions.
 - a) The preparation of a Northern Transport Strategy;
 - b) The provision of advice on the North's priorities as a Statutory Partner in the Departments investment processes;
 - c) The co-ordination of regional transport activities (such as smart ticketing);
 - d) The co-management of the TransPennine Express and Northern Rail franchises.
- 2) The carrying out of these functions may entail the exercise of the functions set out in the Regulations which Transport for the North holds concurrently with the Constituent Authorities or other local authorities. Transport for the North and the Constituent Authorities have agreed to enter into this Protocol to govern the way in which these concurrent functions will be exercised.

Protocols

- 1) Where Transport for the North has defined a project, and this has been approved by Transport for the North, the Constituent Authorities acknowledge in principle that Transport for the North shall exercise those powers and functions which it holds concurrently with the Constituent Authorities so as to enable it to carry out the project, subject to the consent provisions set out in the Transport for the North Regulations. A project shall be any defined proposal for works that is to be proposed to the Partnership Board and to the Transport for the North Board for approval.
- 2) Transport for the North agrees that where it proposes to carry out a project that requires the exercise of concurrent powers within the geographical area of one or more of the Constituent Authorities it will carry out prior consultation with any relevant Authorities including those Constituent Authorities and other Authorities over the exercise of those powers and functions, the outcome of which will be taken into account when considering whether to approve the project.

 - a) The exercise of any concurrent function or
 - b) The manner in which Transport for the North proposes to exercise any concurrent function

In a timely manner, and that where practicable, this should be secured before the approval of the project.

Extract from the Report on North East Rail Management of 8 February 2016 to the Rail North Partnership Board

6.4. However, the dialogue with the North East Authorities has identified a way forward that will support the establishment of a North East Rail Management Unit as a guiding mind in engaging with the new Northern Franchisee and delivering greater local accountability for service performance and quality for the North East regional route network.

6.5. RNP will retain 'ownership' of the relationship with the Northern Franchisee, and be solely responsible for franchise management, change management, compliance and enforcement. The North East Rail Management Unit will assume 'ownership' of the relationship with the Northern Franchise Business Unit for the North East and its Regional Director and will lead in the following areas:

- Oversight of the Franchise Business Unit's operational and financial performance through monthly meetings with the Northern's Regional Director, lead on the monitoring of the North East Franchise Business Unit in terms of performance and service quality
- Lead Oversight and influence Guide regional stakeholder interfaces with the Regional Franchise Business Unit including franchise obligations to consult and cooperate with North East Authorities on areas such as integrated transport, ticketing, concessionary travel, marketing, branding etc
- Support and influence the development of local investment schemes required by the Franchise Agreement including station investment and service developments
- Develop bi-lateral commercial arrangements, joint investment schemes or joint feasibility studies for service or infrastructure developments that are not covered by the Franchise Agreement.
- In addition to the responsibilities in relation to the Northern franchise, the North East authorities intend to utilise the RBU resource and governance structure to develop closer links between local authorities, the Northern Franchisee, local communities and the private sector. These links will inform local transport policy and allow closer integration between local rail services and other forms of public transport.

6.6. The RNP Commercial Manager for the Northern Franchise will support the Rail Management Unit in escalating issues and concerns through the formal franchise management process. RNP will also support the Rail Management Unit in developing and delivering amendments, derogations or changes to the Franchise Agreement that are recommended to improve local delivery of services in the North East, subject to an agreed business case and funding approval by the RNP Strategic Board.

Extract from “North-West Regional Business Unit – The Case for Change, Roles and Responsibilities of Implementation” reported to Rail North Committee 22 February 2023

Proposed roles and responsibilities

66. The roles and responsibilities for the NWRBU have been developed in a series of collaborative workshops with officials from the authorities that are proposed members of the NWRBU. There has been positive reception all round and a strong commitment from LTAs in the North-West to proceed with the establishment of the RBU.

67. It should be noted that in formulating the role for the NWRBU, the key principle has been that there are no changes to the risk, responsibilities or accountabilities for the way rail services are governed in the North of England. All NWRBU are members of the Franchise Management Agreement and are represented via three TfN appointed members on the RNP board. The NWRBU is designed to support TfN and the RNP in executing their formal duties and close partnership working with both organisations is envisioned. The NWRBU will only advise on matters relevant to their geographical area.

68. It is also intended that NWRBU should be ‘future-proofed’ to evolve into alternative partnership arrangements, especially as part of the ongoing Rail Reform and Devolution agendas.

69. The role is proposed across the following areas set out below including supporting franchise management of rail services and supporting the development of rail infrastructure. The NWRBU will work with TfN to refine and evolve ways of working together utilising existing structures.

70. Support TfN on infrastructure: Provide advice to TfN (relevant to the NWRBU area) to support its statutory partner role on infrastructure (priorities, schemes and projects), including data, technical studies, evidence-based advice and local / regional consultations. Work collaboratively with TfN to provide advice that can maximise potential for the NW region. For example, replicating / formalising a role for NWRBU similar to TfGM’s role in the Manchester Recovery Task Force to address the poor performance of the rail network in the Manchester area, working alongside TfN, DfT, TOCs, Network Rail and any other relevant party;

71. Advise on TOC Business Plans: Advise RNP in the development and agreement of Operators Annual Business Plans and Business Plan Commitments, working within the affordability envelope set by Secretary of State;

72. Advise RNP on service specification and fares: Provide advice across a range of areas relevant to the NWRBU area, specifically those identified in ‘TfN matters’ within the RNP Franchise Agreements but broadly covering train service specification/operations, fares and ticketing, stations, rolling stock and decarbonisation;

73. Support NTL/TPE franchise management: Embedded into RNP team to provide support and advice on contract management / annual business planning process collaboratively. For agreement between NWRBU and RNP, however this would be intended to include;

- a. defined, dedicated resources from NWRBU members to provide support and advice relevant to the NWRBU area e.g. development of proposals / business cases, or preparation of performance improvement / action plans;
- b. sharing of data, systems integration (where feasible);
- c. aligned governance, regular meetings, consistent reporting approaches (dashboards, KPIs etc.);

74. Put forward Output Adjustment proposals: Ability to propose / put forward Passenger Service Contract Output Adjustment proposals (this specifically covers train service specification and fares within RNP Agreement), subject to RNP Board approval and funding / risk conditions.

75. Put forward contract variation proposals: Ability to put forward further contract variation proposals (in addition to those above), subject to RNP Board approval and funding (e.g. sourcing direct or third party funding) / risk conditions (e.g. financial risk on payback assumptions).

76. Monitor and scrutinise NTL/TPE performance: Support RNP's contract management processes, monitor and scrutinise ToC performance / contract compliance. Share data analysis, information, studies to support RNP's role and to identify opportunities for improvements.

77. Stakeholder management: Act as extension of RNP in the management of stakeholders within NW region, as well as direct engagement / relationship with Operators to share information, ideas, opportunities (noting formal contract management sits with RNP). The focus of TOC engagement will primarily be NTL and TPE as RNP has formal responsibilities for contract management of these operators. It is acknowledged, however, that there will be a need to interact with other TOCs and the NWRBU will engage openly with these operators on any shared issues. There are precedents for such informal collaboration between regional transport bodies and train operators, notably in the West Midlands and at Transport for London.

Foreword

The Government expects all holders of public office to work to the highest personal and professional standards. In support of this, all non-executive board members of UK public bodies must abide by the principles set out in this Code of Conduct. The Code sets out, clearly and openly, the standards expected from those who serve on the boards of UK public bodies and should form part of individual members' terms and conditions of appointment. It also makes clear that harassing, bullying or other inappropriate or discriminatory behaviour is not consistent with what is expected of a board member

of UK public bodies and will not be tolerated. Any breach of the Code should be viewed as a breach

of the terms of appointment.

The principles set out in this code apply to all non-executive members on the boards of government departments, non-ministerial departments, executive agencies, non-departmental public bodies (NDPBs) and national public corporations. The Code should be observed alongside the [12 Principles of Governance for all Public Body Non-Executive Directors](https://www.gov.uk/government/publications/public-bodies-non-executive-director-principles/12-principles-of-governance-for-all-public-body-neds)

(<https://www.gov.uk/government/publications/public-bodies-non-executive-director-principles/12-principles-of-governance-for-all-public-body-neds>).

The Code complements a public body's governing documents (legislation, memorandum and articles of association, royal charter) and any administrative documents (framework agreements, memoranda of understanding) which may set out the responsibilities and obligations of its board members. The Code's provisions must be observed alongside the provisions set out in these documents.

In the first instance any propriety and ethics issues should be raised with the senior responsible official within your sponsoring department, or the Permanent Secretary as necessary. If additional advice is required, any questions should be directed to the Cabinet Office on:

pbpropriety@cabinetoffice.gov.uk.

1. Introduction

As a public office holder, your behaviour and actions must be governed by the principles set out in this Code of Conduct. It is your responsibility to ensure that you are familiar with, and comply with, all the relevant provisions of the Code.

2. Key principles of public life

2.1 The key principles upon which this Code of Conduct is based are the Seven

Principles of Public Life. These are:

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty

Holders of public office should be truthful.

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

[Read more about the 7 principles of public life.](https://www.gov.uk/government/publications/the-7-principles-of-public-life)

[https://www.gov.uk/government/publications/the-7-](https://www.gov.uk/government/publications/the-7-principles-of-public-life)

2.2 These principles should inform your actions and decisions as a board member.

3. General conduct

Use of Public Funds[\[footnote 1\]](#)

3.1 You have a duty to ensure the safeguarding of public funds[\[footnote 2\]](#) and the proper custody of assets which have been publicly funded.

3.2 You must carry out these obligations responsibly – that is, take appropriate measures to ensure that the body uses resources efficiently, economically and effectively, avoiding waste and extravagance. It will always be an improper use of public funds for public bodies to employ consultants or other companies to lobby Parliament, Government or political parties.

Allowances

3.3 You must comply with the rules set by the board and the public body regarding remuneration, allowances and expenses. It is your responsibility to ensure compliance with all relevant HM Revenue and Customs' requirements concerning payments, including expenses.

Gifts and Hospitality

3.4 You must not accept any gifts or hospitality which might, or might reasonably appear to, compromise your personal judgement or integrity or place you under an improper obligation.

3.5 You must never canvass or seek gifts or hospitality.

3.6 You must comply with the rules set by the body on the acceptance of gifts and hospitality. You should inform the Chief Executive (or equivalent) of any offer of gifts or hospitality and ensure that, where a gift or hospitality is accepted, this is recorded in a public register in line with the rules set by the body.

3.7 You are responsible for your decisions on the acceptance of gifts or hospitality and for ensuring that any gifts or hospitality accepted can stand up to public scrutiny and do not bring your public office and the public body into disrepute.

Use of Official Resources

3.8 You must not misuse official resources^[footnote 3] for personal gain or for political purposes. Deployment of such resources must be in line with the body's rules on their usage.

Use of Official Information

3.9 You must not misuse information gained in the course of your public service for personal gain or for political purpose.^[footnote 4]

3.10 You must not disclose any information which is confidential in nature or which is provided in confidence without authority. This duty continues to apply after you have left the board.

Political Activity

3.11 In your public role, you should be, and be seen to be, politically impartial. You should not occupy a paid party political post or hold a particularly sensitive or high-profile role in a political party. You should abstain from all controversial political activity and comply with the principles set out in Cabinet Office rules on attendance at party conferences^[footnote 5] and on conduct during the period prior to elections and referendums, whether local or national.^[footnote 6]

3.12 On matters directly related to the work of the body, you should not make political statements or engage in any other political activity.

3.13 You should inform the Chair, Chief Executive and/or the parent/sponsor department before undertaking any significant political activity. Subject to the above, you may engage in political activity but should, at all times, remain conscious of your responsibilities as a board member and exercise proper discretion.

3.14 If you are an MP, member of the House of Lords, member of a devolved legislature, directly elected mayor, local councillor or police and crime commissioner, you are exempt from these requirements. There is no bar on such representatives taking a political party whip relating to their political role. You must exercise proper discretion on matters directly related to the work of the body and recognise that certain political activities may be incompatible with your role as a board member. You should not allow yourself to become embroiled in matters of political controversy.

3.15 In your official capacity, you should be even-handed in all dealings with political parties.

Employment and Appointments

3.16 If you wish to take up additional employment or appointments during your term of office, you must inform the Chair and/or the relevant parent department in advance, and allow them the opportunity to comment. Care should be taken if you accept additional public appointments to ensure that you are not being paid twice from the public purse for the same time.

3.17 On leaving office, you must comply with the rules of the body on the acceptance of future employment or appointments. Each body should have its own rules on this.

4. Conflicts of Interest

4.1 When accepting an appointment to the public body you should consider if any conflicts of interest arise from your private interests or by virtue of any other roles you hold. You should consider, with advice from the appointing department how these should best be managed, and agree these with the organisation.

4.2 You must ensure that no conflict arises, or could reasonably be perceived to arise, ~~between~~ your public duties ^[footnote 7] and your private interests, financial or otherwise.

4.3 You must comply with the rules of the body on handling conflicts of interests. As a minimum, these will require you to declare publicly, usually in the body's register of interests, any private financial or non-financial interests of your own, or of close family members, which may, or may be perceived to, conflict with your public duties.⁸ The rules will also require you to remove yourself from the discussion or determination of matters in which you have a financial interest. In matters in which you have a non-financial interest, you should not participate in the discussion or determination of a matter where the interest might suggest a danger of bias. ^[footnote 8]

4.4 It is your responsibility to ensure that you are familiar with the body's rules on handling conflicts of interests, that you comply with these rules and that your entry in the body's public register of members' interests is accurate and up-to-date.

5. Responsibilities as a board member, including non-executive chairs

5.1 You should play a full and active role in the work of the body. You should fulfil your duties and responsibilities responsibly and, at all times, act in good faith and in the best interests of the body.

5.2 You should promote an inclusive and diverse culture in the body and your actions should help create an environment where different perspectives and backgrounds are encouraged and valued.

5.3 You should deal with the public and their affairs fairly, efficiently, promptly, effectively and sensitively, to the best of your ability. You must not act in a way that unjustifiably favours or discriminates against particular individuals or interests.

5.4 You must not harass, bully or act inappropriately towards or discriminate towards others. Such behaviour is not consistent with what is expected of you as a board member and will not be tolerated.

5.5 You must comply with any statutory or administrative requirements relating to _____ your post.^[footnote 9]

5.6 You should respect the principle of collective decision-making and corporate responsibility. This means that, once the board has made a decision, you should _____ support that decision.^[footnote 10]

5.7 You must not use, or attempt to use, the opportunity of public service to promote your personal interests or those of any connected person, firm, business or other organisation.

5.8 You must inform the sponsor department of the body of any bankruptcy, current police investigation, unspent criminal conviction or disqualification as a company director in advance of appointment, or should any such instances occur during your appointment.

5.9 You must also inform the sponsor department of the body of any change in your circumstances which results in you becoming bankrupt, subject to a police investigation, convicted of a criminal offence or disqualified from being a company director.

5.10 You have additional responsibilities as the chair of the body in leading the board/body and in ensuring that the principles covered in the Codes of Conduct for Board Members and Staff (where applicable) are upheld.

6. Responsibilities towards employees

6.1 You will treat any staff employed by the body with courtesy and respect. It is expected that employees will show you the same consideration in return.

6.2 You will not ask or encourage employees to act in any way which would conflict with their own

Code of Conduct.

7. Social Media

7.1 Social media is a public forum and the same considerations, including the provisions of this

Code, apply as would to speaking in public or writing something for publication, either officially or in a personal capacity. When engaging with social media you should at all times respect confidentiality, financial, legal and personal information.

7.2 Where any personal social media accounts used by you make reference or link to your public role, you should take care to ensure that it is clear in what capacity you are acting.

8. Raising concerns

8.1 You should ensure that the body has an open, transparent and safe working environment where employees feel able to speak up and raise concerns, and complaints procedures are clearly communicated to them.

8.2 If you have a concern about a possible breach of this Code, a concern that you or any staff of the body are being asked to act in contravention of their own code of conduct, or a concern about misconduct or wrongdoing in any other areas, then you have a responsibility to raise that internally with the chair of the body or the Permanent Secretary of the sponsor department as appropriate.

1. For more guidance on how to handle public funds, please refer to Managing Public Money

(<https://www.gov.uk/%20government/publications/managing-public-money>)

2. This should be taken to include all forms of receipts from fees, charges and other sources.

3. This includes facilities, equipment, stationery, telephony and other services.

4. Board members who misuse information gained by virtue of their position may be liable for breach of confidence under common law or may commit a criminal offence under insider dealing legislation.

5. Civil servants and party conference guidance

6. Election guidance for civil servants

7. In general, all financial interests should be declared. When considering what non-financial interests should be declared, you should ask yourself whether a member of the public, acting reasonably, would consider that the interest in question might influence your words, actions or decisions.

8. These are common law provisions.

9. In the case of a body incorporated under the Companies Act

([https://www.legislation.gov.uk/ukpga/2006 / 4 6 / c o n t e n t s](https://www.legislation.gov.uk/ukpga/2006/46/contents)) or the Companies (Northern Ireland) Order

([http://www.legislation.gov.uk/nisi/1986/10 3 2](http://www.legislation.gov.uk/nisi/1986/1032))

you will also be subject to the duties of directors under company law. In the case of a body that has charitable status, you will also be subject to the duties of trustees under charities law.

10. This does not apply to departmental non-executive board members, whose role is to advise and

challenge the board and department.
